

AUG 27 1976

Mr. E. H. Knoche
Deputy Director,
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Knoche,

I certainly reflect the corporate views of the recently formed Potomac Chapter of the National Military Intelligence Association when stating that I am sincerely happy that you can join us as our guest speaker on the 1st of October, 1976, from 1100 to 1130 hours, Building T-5, Anacostia Annex. Subsequent to your presentation and views as to what we need to expect in the future in regard to intelligence requirements for National Security, we are having a light, stand up lunch, and hopefully you can join us for an additional few minutes, and have lunch. I am certain several of our members would appreciate meeting you personally, and this would afford them this opportunity.

Our chapter membership now totals 70 and we are fairly well represented by all the military services, many civilians, and a number of reservists in the local area. In view of this, I recommend that your comments remain in the unclassified arena, even though at present most of our members are fairly active in the intelligence community in one capacity or another.

I realize the demands on your time are great, and I can only repeat that your comments will be greatly appreciated. If you have any questions or concerns over which I may provide some assistance, please call or have Rose Marie call and we can resolve most issues.

Sincerely,

C. Lee Webb, Maj USAF
Program Coordinator
Potomac Chap. NMIA

MEMORANDUM FOR: DDCI

To confirm our conversation of this morning, the October 1 meeting of the Potomac Chapter of the National Military Intelligence Association presents a good forum for a discussion of the intelligence community. You may wish to use a format of a 10-15 minute introduction with the bulk of the time devoted to a free question and answer period.

I understand that your office will deal directly with the NMIA on the arrangements; we will be back to you by September 17 to work up a text, if necessary.

STATINTL
